PROFESSIONAL EXPERIENCE

Associate Manager, Software Engineering Aug 2025 – Present

DXC Technology

- Lead full-stack delivery of an enterprise platform, guiding the team across software design, code quality, and release.
- Drive architecture decisions and code reviews to keep the system maintainable and scalable under load.

Full Stack Developer / UI Designer 2024 – 2025

Offsure

- Led the UI/UX redesign and new-feature development of the core application, driving client acquisition and supporting a successful product funding round.
- Led implementation of a key feature that increased product conversion.
- Built scalable APIs and integrated them into responsive, reusable front-end components for high performance.

Associate Technical Specialist II (Promotion) 2023 – 2024

Alliance Software, Inc.

- Led the overhaul of a large-scale system into a maintainable, scalable architecture.
- Drove product releases, code reviews, and unit testing to ensure quality before rollout.

Technical Specialist II 2022 – 2023

Alliance Software, Inc.

- Delivered bug fixes, enhancements, and new features across multiple projects.
- Optimized API usage to speed transactions and lower costs, and trained new members for faster onboarding.

Web Designer and Developer 2020 – 2021

Women's Real Estate Investors Network

- Designed, developed, and published client websites for real-estate businesses.
